## Completion Certificate – Drakensberg Stator Unit 3

Dear Mr. Muthukumaran,

Herby I testify the completion of the assembly works of the generator stator Drakensberg Unit 3 (281.5 MVA motor-generator) dated 2018-05-14.

Detail of works:

- Re-installation of 720 new stator bars including the circuit ring (8 parallel pathes)

The above works were done between the 2018-03-12 and 2018-05-14 in day and night shift.

Voith Hydro is very satisfied with the quality and the performance of Edison Electrical Works and looking forward to continue the relationship for the final unit.

Best Regards

Christian Matten  
Project Manager
